“A rare combination of caring, dedication and efficiency, of all the staff members, in improving patients’ health makes us proud and appreciative of The Credit Valley Hospital.”

Dr. Ravindra and Mrs. Anjali Trivedi

WHAT MAKES THE CREDIT VALLEY HOSPITAL AGELESS?

Although our hospital opened its doors in 1985, our roots in the community run deeper.

It all started with a 30-acre home-stead and a bold vision which sprang from the need to provide caring and support in times of illness. This vision resulted in the creation of a world class community of health care.

WHY SHOULD I INCLUDE THE CREDIT VALLEY HOSPITAL FOUNDATION IN MY ESTATE PLANS?

Your decision ensures our community continues to have the finest health care. It secures our reputation as the workplace of choice for outstanding professionals. It allows funding of leading edge technology. It will help us continue to provide compassionate healing and hope to all who come through our doors. You can help us to stay ahead of the curve. Together... our plans today will realize our community's dreams tomorrow.

“I think one good turn deserves another... and the easiest and best way to give back to Credit Valley for their excellent care is for me to support them financially so that the generations who follow me receive that same care.”

John Paterson
